Telfer is receiving new goods every day and they are the very choicest at the lowest prices that it is possible to sell them, give him a call.

We were mistaken last week in one of the Bishop's counselors at Graham. Instead of Thos. Tally being one of the counselors it should have read Joseph Blair.

A RUN AWAY.

In Which Mr. McClure is Badly Hurt.

Last Wednesday evening Mr. McClure, father of Jas. H. McClure, met with a serious and perhaps fatal accident.

He was on his way from Blake's to his son's place, and just before reaching the drug store it was noticed his horses were on the run.

When arriving at the ditch crossing the horses jumped. When the wheels struck the bottom Mr. McClure was thrown violently out, alighting on the braces of the buggy pole. When reaching the corner the horses turned north on Station street and turned east at Mr. Frye's corner, where Mr. McClure was thrown to the ground.

When assistance reached him he was unconscious. He was placed in a buggy and taken to Tump Freeman's room, where Dr. Green made an examination of the injured man. He was bruised and cut considerably about the head and face, but the most serious injury and the one that is likely to prove fatal was the breaking of three ribs, the ends of them having penetrated the lungs, into the air tubs so that the air was allowed to escape.

Dr. Green gave him the necessary attention and made him as comfortable as possible, but he suffers a great deal of agony.

With great liberality and patriotism, Mr. B. M. Jacobs, of the Arizona National Bank, has offered to advance sufficient money to run the remaining two months. Now this is what we call extreme magnanimity and Mr. Jacobs appears as a Moses in this case. It would certainly be the cheapest way out of the difficulty and it would be a disgrace to Tucson to stop her schools now.—Star.

Shoes! Shoes! Shoes! Telfer has just received a full consignment of Ladies', Gentlemen's and Children's fine shoes, shoes with heels and without. Shoes at your own price, come in and look at them. 11-1-16.

Wm. Telfer's store is fast filling up with the very best kind of goods, and those most in demand by customers. He is advertising this week a line of almost everything. Mr. and Mrs. James D. Gray, arrived in Safford last week from Lucerne, Ind. They were accompanied as far as Bowie by Wm. Kirtland and family. Andrew Kimball, Patriarch P. C. Morrill and Ex-Prest. Layton. After the services Mr. Layton seemed to feel better than he had for some time past.

The United Globe Mines have put all the available men to work this week. THE SCHOOL HOUSE

Will be Ready for Occupancy by Aug. 20th.

The trustees of the Safford school district have awarded the contract for building the new school house in this district to R. A. Smith, Jr., and John Morris.

Announcement of this fact would have been made last week, but the bond had not then been filed.

Everything pertaining to making the contract complete has now been done and Messrs. Smith and Morris will commence operations immediately.

This house when finished will be by far the most imposing school structure in the county, and one that is badly needed.

It also shows the liberal and progressive spirit of our people. Where you find good school houses, with good schools maintained within them you will always find a progressive, wide awake community.

"If You Get It At Telfer's Its Good."

The largest stock of goods in Safford is found at J. T. Owens. We are after you. Your trade is what we want, and to get it we will sell you goods lower than any body for cash. We have just received a large stock of spring and fancy dress goods, which we will sell at a very low price. A large stock of furniture, bed room sets, springs and center tables, also 40lb Excelsior mattresses. We are making a close cut on shoes now to make room for our mammoth spring stock which will arrive about March 10th. Look at our ladies wraps. Remember we have the goods and we must sell them to make room for others that are about to arrive. The best bargain house in Safford is at J. T. Owens. 21-1-16.

The stage from Geronimo to San Carlos met with a mishap last Monday night about three or four miles east of San Carlos. Descending a grade the break failed to work and the stage tipped over.

G. Guilmanne, drummer for Backingham & Hecht, was thrown out and sustained a serious abrasion of the left leg. After the stage was righted the horses ran away, and in an attempt to stop them the driver was run over and had a leg broken. There were three other passengers aboard, Geo. H. Kelley among the number, who escaped without injury.—Bell.

Bargains in mens and boys clothing, suits worth \$15.00 selling for \$8.50. Boys' suits worth \$10.00 selling for \$3.00. Now is the time to get bargains as Telfer wants to convince the public that his prices are the very lowest of any in town, or in the valley for that matter. 11-1-16.

On Tuesday afternoon of last week at Holbrook, C. L. White jumped onto the platform of the eastbound passenger and while waving an adieu to some friends was thrown to the ground by the jar of the train and the wheels passed over his right leg at the knee and his left leg at the ankle. He died while the doctor was amputating the mangled limbs.

Next week an inspector from Washington, accompanied by Surveyor Conzen, is expected to visit the coal fields and make an inspection of the recent survey. If it is approved by the Inspector there is little doubt as to it being approved in Washington.

P. J. Jacobson & Sons place a new ad, in this issue. They are receiving vast quantities of goods every day. Their lumber trade is increasing all the time, in fact they have such a demand that they are now making preparations to commence sawing in a few days.

Have you tried that cheese at Telfer's New Store? Pure cream cheese, Telfer has sold three hundred pounds of it since February 1st. Get some of it. Its good. 11-1-16.

Farmers bring your eggs and butter to Telfer's New Store. He will give you the highest market price for them in trade out of his choice selection of goods. You will find his prices all right and will receive courteous treatment. Give him a call. 11-1-16.

KILLED.

Daylight Robbery and a Killing.

Wednesday afternoon, Feb. 16th there was a daring attempt at robbery in Safford, and if it had not been for the courage and quick action of W. B. Fonda the robbers would have consummated their desire. There were in the store at the time several men, and this makes the attempt the more daring. The names of the robbers as afterward ascertained were Eusibo Raton and Marie Raton. Eusibo was killed but Marie for the time being escaped but was afterwards captured, and from her was learned just how the whole thing happened. She said that she and her husband were passing through Safford on their way to Old Mexico and were attracted by the neat appearance of the store, and entered to see if there was anything that they would care to get for their journey, and as they saw most of the men were in the rear of the store, and saw so many things that they wanted they were tempted to try and steal some of them while no one was watching. She said she had tasted of the Pure Cream Cheese and from that moment became desperate, and had sampled the flour, and dried fruits, and as she was passing down behind the counter slipped into her traveling sack some of all of the many choice things Telfer carries. Telfer asked Judge Fonda to dismiss the case against her and as her husband was now dead he gave her some of those choice Peaches, Prunes, Dried Apples and a box of those fine Portland Crackers, and she promised to never again steal anything, and said that she would tell the whole Rat tribe of Telfer's New Store and ask them to trade there. This seems to be the opinion of everyone who trades at Telfer's. Every thing is satisfactory to those who patronize him. "If you get it at Telfer's its good." 11-1-16.

MARRIED.

On January 26th, 1898, Miss Nellie Bradley and W. H. Lattimer, both of Salt Lake City, Utah, were united in the holy bonds of matrimony, at that place, Bishop O. F. Whitney, of the 18th ward, performing the ceremony.

Miss Halliday was quite well known here and has numerous friends and relatives in the valley. Miss Halliday is an accomplished young lady, a thorough musician, and made scores of friends during her visit to this valley two years ago.

Cruiser Maine Blown Up.

Havana, Feb. 15.—At a quarter of 10 o'clock this evening a terrible explosion took place on board the United States cruiser Maine in Havana harbor. Many were killed or wounded. All the boats of the Spanish cruiser Alfonso XIII are assisting. As yet the cause of the explosion is not apparent. Those supposed to have been killed number 253.

Debating Society.

Thatcher has a debating society that is just now attracting considerable attention. Last Friday night the question under discussion was "Free Trade or Protection." Free Trade had an easy victory.

To-night the debate is "Free Silver or the Gold Standard."

Three car loads of dry goods, Gentlemen's and Ladies' fine furnishings, boots and shoes, laces, ribbons, threads, pins and needles, hardware, knives and cutlery of all kinds, builders hardware, and all kinds of fine and fancy groceries, are now on the track at Bowie station, for Telfer's New Store. They will arrive in Safford some day this week. Then will be the time to call and feast your eyes on bargains, and wonder at Telfer for selling them so low. 11-1-16.

A few months ago, Mr. Byron Every, of Woodstock, Mich., was badly afflicted with rheumatism. His right leg was swollen the full length, causing him great suffering. He was advised to try Chamberlain's Pain Balm. The first bottle of it helped him considerably and the second bottle effected a cure. The 25 and 50 cent sizes are for sale by all dealers in medicine.

From everywhere comes words of praise for Chamberlain's Cough Remedy. "Allow me to congratulate you on the merits of your Remedy. It cured me of chronic bronchitis when the doctor could do nothing for me."—Chas. F. Hemel, Toledo, O. For sale by all dealers in medicine.

"If You Get It At Telfer's Its Good."

Harry L. Castle is having shelves and counter put in the large room of the post office, and will put in a line of dry goods and fancy notions. He will make it a point to carry those things not carried in a general merchandise store, and yet always in demand.

S. S. CONFERENCE.

A Large Attendance at Pima Last Saturday and Sunday.

Last Saturday and Sunday the Sunday school conference of the Latter Day Saints was held at Pima. Dr. Karl G. Measer, General Superintendent of church schools was present. Each meeting was largely attended and Dr. Measer gave some very important instructions relative to Sunday school work. The different officers were also sustained and a partial review of the work accomplished in the Sunday schools throughout the stake was had. Statistical and financial reports were read, which showed all the schools to be in good condition.

"If You Get It At Telfer's Its Good."**Credit Fosters Dishonesty.**

Some one has said that the average man is honest, which I have no doubt is true, but it seems particularly strange that there are so few of them in any one place. It may be that many of the dishonest men of today belonged to the so-called "average class" years ago, but through the extension of credit to them they have been reluctantly immersed into an abyss of debt from which they have never attempted to release themselves.

It is unquestionably true that liquidating an old debt (as the old saying is) is like paying for a dead horse. This impression, I believe fosters dishonesty, and linked together with the present state of affairs all over the country, has made a pyramid of debt beyond the control of our medium of exchange and which has made many men to know not where to lay their heads. For these plausible reasons I am led to denounce the world-wide system of credit which has been obnoxious from time immemorial and I am prevailed upon to economize that system of business which tells where we are and how we are; that system which fabricates not that system which produces dishonesty from temptation, and the merchant from a florid facias, and lastly, that system in which time no longer kicks the beam of the wrong side of the ledger to indicate upon the mind of the debtor that "debt is something more to his credit."—Lawyer and Credit Man.

Wants Silver.

SAFFORD, ARIZONA, Feb. 14th, 1898.

EDITOR GUARDIAN:—The editor of the *Trailer*, in the issue of that sheet of Feb. 11th, has an article on money, in which he denounces silver as a money. I, F. M. Thorsten, am a paid up subscriber to the *Trailer*, but if that paper is to be a gold-bug, I am done with it for I will not support a gold-bug paper. In case the editor gets overloaded with silver, if he will inform me of the fact I will help him take care of it.

I am for silver, for we need it. If we had free silver Arizona would be far ahead of what she is now. I am a citizen of Arizona and am interested in her welfare.

F. M. THORSTENSON.

The Surprise of All.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with La Grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into Hasty Consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to do this good work. Try it. Free trial bottles at any drug store.

FREAK OF NATURE.

Former Tombstone Parents of a Remarkable Infant.

Mr. and Mrs. Henry Ulmer, formerly of Tombstone, and remembered by many here, have suddenly come into prominence and notoriety on account of a remarkable babe born to them. An Associated press dispatch from Cincinnati, O., says:

"The first-born child of Mr. and Mrs. Henry Ulmer, of 745 Hopkins street, is a boy with two heads. It was 11 days old today, and although it has taken no nourishment in that time it is still alive. The babe is well formed in body and limbs, but has two heads upon such a short neck that they seem to set on the child's shoulders. The normal head is of size proportionate with the child's body. The other is abnormally large and turned to one side, so that the center line of the face is above the babe's left shoulder. Each head is complete in every detail. The boy can see from the eyes of either. The vocal organs in the short neck seem to be paralyzed, for not a sound has been heard from the lips of either head of the prodigy. The organs of hearing, sight, smell and taste seem to be perfect in both heads. A number of doctors have called at the Ulmer home to see the baby, and regard it as one of the most remarkable freaks of nature on record."

THE AMERICAN EAGLE.The merchants sell you dry goods, And sometimes lots of trash, While some sell on credit Others only sell for cash. But A. H. Austen shaves your face And combs your hair so smooth That should a fly light upon it Its footing it would lose; His tools they are the finest And always kept in fix, And if you let him shave you The girls will let you kiss (The *Trailer* Guardian).The *Trailer* and *Trailer* Shaving Parlor, Safford, Arizona.
